

24-HOUR WALK FOR PARKINSON'S

Dear Friend of Papa's Path and University Hospitals

We are thrilled to invite you to join us on our family's journey as we navigate life with Parkinson's. Alongside The Babbush Family Fund for Parkinson's Education, Research, and Innovation at University Hospitals, Papa's Path is creating a community for those impacted by Parkinson's. Our fund's mission is to provide comprehensive support through groundbreaking clinical research, exceptional care, and dedicated training for the next generation of neurology experts.

Research and Innovation

What sparked the idea for Papa's Path?

Inspired by our father, Chuck "Papa" Babbush, Papa's Path was created after his 2017 diagnosis and several challenging years living with Parkinson's. Our organization is about more than searching for a cure; it was founded on the principle of improving everyday quality of life. As a retired surgeon who dedicated his life-long career to helping others, Papa is passionate about improving the patient experience. Following his Deep Brain Stimulation (DBS) surgery in January of 2023 and in appreciation of his new lease on life, we established our fund, launched the Papa's Path website, and hosted our first event: The Babbush Family 24-Hour Walk. To undertake walking for the full 24 hours symbolizes the continuous and tireless efforts of those who are living with Parkinson's. As a family, we wanted to experience what Papa felt with the constant movement from his tremors or the dyskinesia that caused his perpetual motion, even when he was fatigued and willing his body to stop.

How are we creating a positive impact?

This year, we are excited to announce our 3rd Annual 24-Hour Walk for Parkinson's – a community event aimed at raising awareness and funds to further our mission. With the invaluable support of our generous donors and event sponsors, we're helping to fund vital research projects and provide essential education to those touched by Parkinson's, as well as to those who care for or treat them. In addition, our family is looking to assist individuals and their caregivers by offering our "Essentials Toolbox" to those in need. Having seen first-hand how daunting it can be to tackle even the simplest of daily tasks, it has become our father's dream to provide a boxed and tested collection of adaptive aids such as reach sticks, zipper pulls, pencil grippers and more that can be utilized to make facing each day a bit more manageable.

How can you join us on our journey?

As we set out on our path, now known as Papa's Path, we welcome you to join us as we walk for those living with Parkinson's, for their caregivers who are always on-call, and for other families who are traveling on a similar path. While our community comes together for this special event, the relationships we've built through our partnerships play a significant role. With that, we are seeking support from businesses such as yours for event sponsorships. Your involvement is key to our success and ability to make positive changes together.

In return for your sponsorship, we offer several recognition opportunities to highlight your commitment to our cause, including logo placement on event materials, acknowledgement on our website along with direct links to your business and prominent mentions in our event communications. Your partnership will not only enhance our walk, but also demonstrate your dedication to a cause that affects millions of lives.

**Please take a moment to look over our
2025 Papa's Path Sponsorship Opportunities.
We would be honored for you to join our efforts.
Together, we can make a significant difference
for those living with Parkinson's disease.**

With much appreciation,

The Babbush Family Children

EVENT DESCRIPTION

Yes, we do in fact walk for 24 hours! Whether you join us as a group or individually, only for an hour or for all 24, this 3-part event is about gathering as a community to raise funds in support of a cause that truly matters. As a team, we are helping to improve access & experiences, enhance training, education and awareness for those in need and providers alike. Papa's love of being together reminds us, we are not going through this alone. See you there!
